

Counselor

Adam McCall - Super Counselor

There are no words to describe the hilarity that Adam brings to camp! There is never a dull moment with this guy around. He has an amazing heart for our campers and goes above and beyond to make camp an extraordinary experience for his entire cabin.

How did you get involved in CHAMP Camp? I met Dr. Chuck in Ecuador translating for him. He told me about the program. Even though I lived far away, the program sounded amazing and I wanted to be a part of it. I originally applied late and they had a last second vacancy. I have not missed a year since!

You travel a pretty long distance to participate in CHAMP Camp? Why is it worth the trip? I love to see my friends! I love to see the campers and counselors every year and see how they have grown and changed. Yes, the trip is long but the anticipation and journey make camp even more enjoyable. Camp is magical. I could not ask for a better week to come and escape from normal life.

What is your favorite memory from CHAMP Camp? Being huddled in the bathroom during a tornado warning. It was scary but we made it fun.

How does your week at camp impact the rest of your year? It resets me and rejuvenates me. It helps me keep a positive outlook and reminds me of the values that I really care about it. Community, friendship, and compassion.

Why should someone who isn't part of a medical profession consider being a counselor at CHAMP Camp? It is an awesome community that can expose you to some different feelings and values that you might not be used to. You will grow personally and also be involved in the personal growth of campers and other counselors. I cannot think of anything more rewarding that only lasts one week of the year.
